EVERY GREAT FILM BEGINS WITH A STORY

Cinema Factory Academy's One-Year Diploma in Screenplay & Direction is thoughtfully designed for aspiring writers and directors who dream of creating impactful stories for cinema, OTT platforms, and the ever-evolving digital entertainment industry.

The program takes students on a complete filmmaking journey, from developing original ideas and crafting compelling screenplays to directing professional-quality productions with confidence. By combining the timeless principles of storytelling with the latest advancements in filmmaking technology, including AI-assisted filmmaking and Virtual Production, the course offers a future-ready learning experience.

Through hands-on practical sessions, real production environments, industry mentorship, and collaborative filmmaking projects, students gain the creative vision, technical expertise, and practical experience required to become industry-ready writers and directors.

*"Every Unforgettable Film
Begins With An Unforgettable Journey"*
